

Recommended laptops for students. Suggestions are dependent on what you are looking for in a device.

- Battery life – I would suggest 10 hours or more
- Lightweight
- Intel or AMD processor (i5 or i7 is ok)
- Screen size – min of 13 inch
- Touchscreen and stylus

There are other considerations, such as screen resolution, 2 in 1 (turns into a tablet) are useful but not essential. It also depends on what you might be familiar with or preferences – Windows v Mac.

We have found Lenovo reliable, and this is the make we use in school.

Here are some options available.

1. LENOVO Yoga 7i 14" 2 in 1 Laptop - Intel® Core™ i5, 256 GB SSD, Slate Grey
2. LENOVO Yoga 7i 14" 2 in 1 Laptop - Intel® Core™ i7, 512 GB SSD, Slate Grey
3. LENOVO IdeaPad Flex 5i 13.3" 2 in 1 Chromebook - Intel® Core™ i5, 128 GB SSD, Grey
